A little humor:

An old man and a 20 year old are paired together at a golf tournament. They're playing a long par 5 that dog legs around some tall trees.

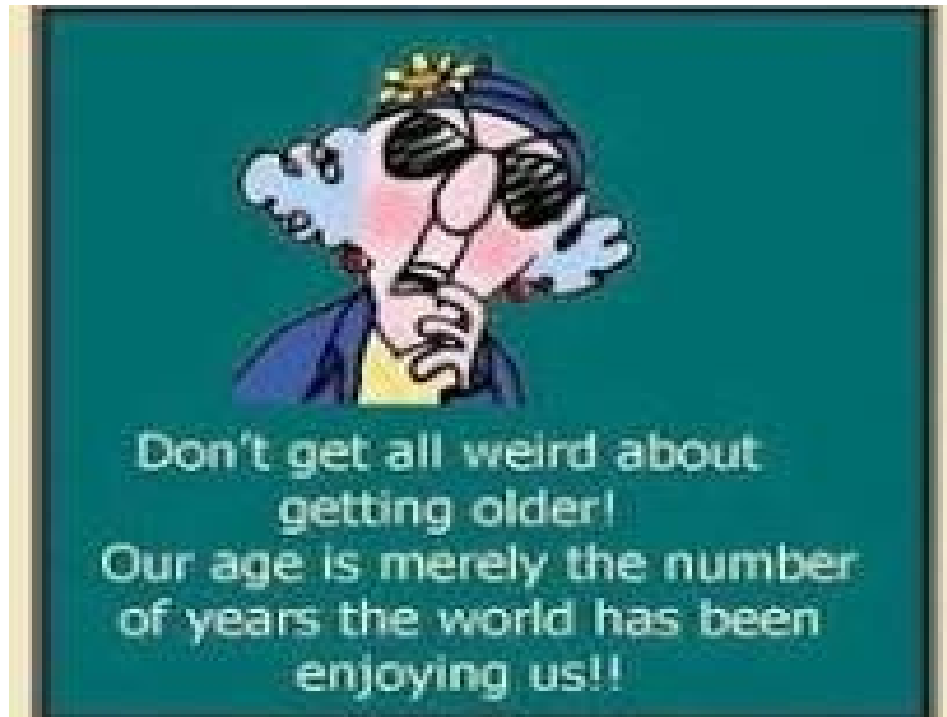

As the 20 year old sets up his tee shot to hit onto the fairway the old man notes "when I was your age we used to hit over the trees - not around to the side."

So the 20 year old readjusts and tries to hit over the trees - but can't clear them and loses his ball. He tries again and loses that one too...

Then the old man says "of course, when I was your age, the trees were only 6 foot tall."

**Trivia Question
Answer: Horse Fly**

TIPS FOR SENIORS TO STAY WARM AND HEALTHY:

Stay indoors (or don't stay outside for very long).

Stay dry because wet clothing chills your body more quickly.

Dress smart – protect your lungs from cold air.

Layer up! Wearing 2 or 3 thinner layers of loose-fitting clothing is warmer than a single layer of thick clothing.

Be careful on the ice.

Stay active by engaging in indoor exercises to keep your body active and generate warmth.

Set your home temperature to at least 68 to 70°F at all times.

Ask your family, friends, or neighbors for routine checks throughout the winter months.

WELCOME BRIANNA, RN

My name is Brianna Holtry, but you can call me Bri! I recently graduated with my bachelor's degree in Nursing. I graduated from Weber State University, located in Ogden, UT. I moved out to UT after high school in 2019 with the intention to attend Weber State for the nursing program. About two years after moving to UT, I had been accepted to the nursing program, and get this, I got accepted at the same time that I found out I was pregnant. So yes, I did nurse school from start to finish super pregnant and while learning to navigate life with a newborn baby. Also, while in UT, I got married to my husband, Isaac, so he was my greatest supporter during nursing school.

I chose Oak Ridge Place as a place of employment because I was excited and honored for the opportunity to supervise staff and manage resident's care from a different perspective. I also am so excited to learn the ropes of the AL atmosphere, as I have majority of my experience in long-term care.

My hobbies include ANYTHING with my family. I am such a family girl. I love being with my husband, Isaac, and my two-year-old toddler, Rhett. I also really enjoy working out. My husband and I actually met at the gym in UT about 6 years ago.

I chose to be a nurse, because ever since I can remember, I have had such a passion for caring for people and learning more about healthcare. As much as I love being a floor nurse, I truly feel like I have a passion for managing care from behind the scenes as well to ensure that things are done in all aspects to the best of my abilities.

I'd love to meet all of you, please stop in for a Meet & Greet in the Saint Croix Room on:

Monday December 9, 2024 at 1:30pm

Next Resident Council Meeting:

Thursday December 12th at 2pm
Saint Croix Room

Purpose of Resident Council

The Oak Ridge Place Resident Council is an organized group of residents who meet regularly to promote friendship and understanding among residents. The council serves as a sounding board for solutions to shared problems, promotes self-advocacy, to initiate new ideas, and to communicate with the facility management.

Role of Facilitator of Resident Council

Shall preside over all meetings. Facilitator will be in charge of meeting rules of order, ensures meeting stays on track, takes minutes from meeting, presenting voted discussions to address with management, and communicating meeting agendas. These tasks can be delegated to any council member the facilitator chooses.

Facilitator will exhibit a willingness to listen and has no power or influence in decision making of the council or management. However, the Facilitator is likely the most well versed in the room when it comes to previously discussed topics and/or policies. Facilitator must commit to promoting self-advocacy of council members that have personal grievances and agendas.

Responsibility of Management in accordance with Resident Council

Management will respond to grievances and recommendations of the council, but are not required to implement any changes requested by the council. Management will ask council to refer back to previous responses for repeat grievances and recommendations.

Responsibility of Resident Council Members (All residents of Oak Ridge Place)

Keep the meetings respectful, professional, and goal based. Collaborate with other council members by building relationships. Your ideas and concerns that are shared should be community based and serve purpose for all residents not just your personal requests/demands.

Oak Ridge Place Executive Director receives state-wide recognition *Amy Howard presented with the Leader of the Year award at statewide convention*

Care Providers of Minnesota announced that Amy Howard, Executive Director, Oak Ridge Place, was presented with the Leader of the Year Award at a statewide senior care convention held earlier this month in Minneapolis. The Leader of the Year Award recognizes the achievements of an individual at the senior leadership level for their contributions and skill.

Amy was selected as this year's recipient due to her willingness and efforts to teach her employees how to be their best by guiding them to make sound decisions that are based on feelings and facts. She is a perfect example of how a manager makes staff feel important, valued, and appreciated.

Amy is well-versed in all aspects of her job including the laws surrounding this sector of assisted living, an understanding of business economics, and is remarkable recalling information. She leads with conviction, determination, and kindness. The staff and residents respect her and stand by her decisions as she is selfless, kind, and down-to-earth. Amy puts her staff and residents needs over hers; she sees and cultivates the abilities that even an individual may not recognize themselves. It shows that she is passionate about her career and her team, and how they grow with her and the organization. She sets a good example for all staff while being open-minded and gets to know all her staff on a deeper level.

When there is a need, she doesn't hesitate to work on the floor as an HHA, help maintenance with a sheetrock problem, or in the kitchen and cook for everyone. She is the best example of a team player and propels her team forward with her positive attitude and witty jokes. Amy is always smiling, professional, and a mentor to all. She gives amazing advice and her doors are always open for all residents and staff if they need to vent or just need someone to talk to. What also makes her a great leader is that she is so understanding and compassionate.

Amy was presented with his award during a keynote session, which was part of the three-day educational convention for long-term care providers. Presenting the award was Toby Pearson, president and CEO of Care Providers of Minnesota, and Amanda Johnson, Board of Director's Chair, Care Providers of Minnesota.
